

Whitetail Ridge presents NEXT LEVEL! This program is specifically designed to take your child to the “NEXT LEVEL” in golf! If they aspire to play better competitive golf, make the high school team, or play in college and beyond, we can help make it a reality. This Program is for golfers ages 8 & up, willing to commit to a structured practice, play, and exercise program that will guide them to the

NEXT LEVEL!

NEXT LEVEL TRAINING:

Getting to the “**NEXT LEVEL**” in anything in life requires an individual commitment, surrounded by a great supporting team of parents, guardians, and coaches. This program is designed to not only improve your child’s golf skills but also their life skills. There is no game or sport that teaches you better life lessons than golf. All instruction is guided by the Director of Golf Alex Balog (PGA), Assistant Golf Professional and recent college golfer Tommy Falcone, and Assistant Golf Professional Andrew Collins who also has competitive golf experience.

NEXT LEVEL is designed to provide a team environment to produce individualized results. When you really break down today’s game of elite players in golf, it not as individualized as it once was. Players are surrounded by teammates, who each push each other to be the best possible version of themselves. Whether this be a caddy, a personal trainer, a coach, high school teammate, college teammate, etc., they all work together to achieve the same goal: continued improvement. Golf may seem like a sport for individuals, but all the world class players will tell you, they cannot accomplish the things they do, without their team. From team practices, workouts and traveling, to group tutoring to help those with busy sporting schedules stay on track with their education, this whole process is supported by a network of people. Our job is to prepare your child to be ready for this competitive environment the minute they make their high school and college team!

Practice, Play, Train, Improve year-round:

Players will be guided by experienced professionals and supported by family members through the development of their game. Game improvement takes patience and focus for overall success and retention of new skills. Detailed practice plans, practice round summaries, on course training, swing evaluations, mental game improvement, and fitness training will be implemented. Training will be complimented with the best swing technology to track club data and swing data for us to analyze together and develop the best plan for improvement and continued success for everyone. Ongoing drills and training will be given to the students as “homework” to work on during their own practice time both on and off the course. The length of the golf season in this area was once limited by Mother Nature, but now we will continue to develop their skills and routines for improvement year-round both indoors and outdoors.

NEXT LEVEL Athlete Expectations:

- Strive for success – “Success in this game depends less on strength of body than strength of mind and character.” -Arnold Palmer
- Have Fun!
- Treat others and the course with respect
- Set personal goals - “Forget your opponents; always play against par.” -Sam Snead
- Dedication, Consistency, Hard work

Exclusive Activities/Events/Discounts:

Players will receive exclusive pricing for merchandise and club orders. Players will receive an unlimited range pass for daily practice, as well as on-course discounts. Players will receive club fitting discounts and 50% off labor in club repair. Players will have the option for a team **NEXT LEVEL** bag customized with name and logo at a discounted rate.
